

## DDP Stainless Steel Couplings 1/8 for High Temperature Environments

Our Product Introduction

for more products please visit us on [flangespipefittings.com](http://flangespipefittings.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: KASUGAI
- Certification: ISO;PED
- Model Number: STAINLESS STEEL; DUPLEX ; SUPER DUPLEX
- Minimum Order Quantity: TO BE NEGOTIATED
- Price: PER BASE MATERIAL PRICE
- Packaging Details: SEAWORTHY PACKING
- Delivery Time: 60 DAYS FOR ONE CONTAINER
- Payment Terms: L/C, T/T
- Supply Ability: 100 TONS / MONTH

### Product Specification

- Material: Stainless Steel; Duplex; Super Duplex
- Size: 1/8
- End Connection: BSP;NPT
- Quality: Premium
- Price Term: FOB; CNF; CIF; DDP;
- Origin: China

## Product Description

### Product Description:

Introducing our high-quality Stainless Steel Pipe Fittings, designed for various applications including FLUID, OIL & GAS, PETROL, CHEMICAL, and MECHANICAL industries. These fittings are versatile and reliable, suitable for a wide range of projects and requirements.

Our Stainless Steel Pipe Fittings are priced per base material price, offering cost-effective solutions without compromising on quality. The premium quality of these fittings ensures durability, longevity, and excellent performance in demanding environments.

The end connections available for our Stainless Steel Pipe Fittings include BSP and NPT options, providing flexibility and compatibility with different systems and setups. Whether you require BSP or NPT fittings, we have you covered with our comprehensive selection.

Each set of Stainless Steel Pipe Fittings includes a variety of components such as Stainless Steel Nipples, Stainless Steel Elbows, and other essential fittings to meet your specific needs. These fittings are precision-engineered to deliver optimal performance and seamless integration into your piping systems.

For added convenience and protection during transportation, our Stainless Steel Pipe Fittings are carefully packed in seaworthy packing, ensuring that they arrive at your location safely and in pristine condition. The robust packaging reflects our commitment to delivering our products to you securely and efficiently.

### Features:

Product Name: Stainless Steel Pipe Fittings

Schedule: PER STANDARD

Quality: Premium

Price term: FOB; CNF; CIF; DDP;

Certification: ISO; PED

Brand: KASUGAI

### Technical Parameters:

Technical Parameter	Details
Material	Stainless Steel; Duplex; Super Duplex
Standards	ASME B16.11, MSS SP 75, MSS SP 83, MSS SP 95
Currency	USD; EURO; JPY
End Connection	BSP; NPT
Schedule	PER STANDARD
Packing	Seaworthy Packing
Price term	FOB; CNF; CIF; DDP;
Certification	ISO; PED
Quality	Premium
Delivery	100 Tons/month

### Applications:

KASUGAI Stainless Steel Pipe Fittings are versatile products suitable for a wide range of application occasions and scenarios due to their high-quality construction and premium attributes. Whether you are in the industrial, commercial, or residential sector, these stainless steel fittings are designed to meet your specific needs.

Perfect for use in various industries such as oil and gas, petrochemical, chemical, water treatment, and more, the KASUGAI stainless steel pipe fittings, including couplings, unions, and elbows, offer exceptional durability and corrosion resistance. The models available include STAINLESS STEEL, DUPLEX, and SUPER DUPLEX, ensuring compatibility with different environments and fluids.

Manufactured in CHINA and certified with ISO and PED standards, these fittings guarantee reliability and quality assurance. The minimum order quantity and pricing are flexible, open for negotiation to accommodate your specific requirements. The packaging details ensure safe transportation with seaworthy packing, and delivery time for one container is approximately 60 days.

For your convenience, payment terms such as L/C and T/T are accepted, making the transaction process smooth and efficient. The supply ability of 100 tons per month ensures a consistent availability of these premium quality fittings. The size options are versatile, starting from 1/8, catering to various piping systems.

With price terms including FOB, CNF, CIF, and DDP, you have the flexibility to choose the most suitable option for your business. The end connections available are BSP and NPT, making installation and connection hassle-free.
