

FOB Priced Stainless Steel Elbows with PED Certification

Our Product Introduction

for more products please visit us on flangespipefittings.com

Basic Information

- Place of Origin: CHINA
- Brand Name: KASUGAI
- Certification: ISO;PED
- Model Number: STAINLESS STEEL; DUPLEX ; SUPER DUPLEX
- Minimum Order Quantity: TO BE NEGOTIATED
- Price: PER BASE MATERIAL PRICE
- Packaging Details: SEAWORTHY PACKING
- Delivery Time: 60 DAYS FOR ONE CONTAINER
- Payment Terms: L/C, T/T
- Supply Ability: 100 TONS / MONTH

Product Specification

- Packing: Seaworthy Packing
- Price Term: FOB; CNF; CIF; DDP;
- Schedule : PER STANDARD
- Material: Stainless Steel; Duplex; Super Duplex
- Origin: China
- Currency: USD; EURO; JPY

Product Description

Product Description:

Manufactured from high-quality stainless steel, these pipe fittings are built to withstand harsh environments and demanding applications. The premium quality of the materials used ensures long-term performance and minimal maintenance requirements, making them a cost-effective choice for industrial projects.

Price: The Stainless Steel Pipe Fittings are priced competitively based on the current market rates of the base material. The pricing structure is transparent and adheres to industry standards, offering customers a fair deal for their investment.

Price Term: Customers can choose from different price terms for the Stainless Steel Pipe Fittings, including FOB (Free On Board), CNF (Cost and Freight), CIF (Cost, Insurance, and Freight), and DDP (Delivered Duty Paid). This flexibility in price terms allows customers to select the most suitable option based on their preferences and requirements.

Quality: The Stainless Steel Pipe Fittings are known for their premium quality, meeting industry standards and specifications. The fittings undergo rigorous quality control measures to ensure consistency and reliability in performance, making them a trusted choice for critical applications.

End Connection: The Stainless Steel Pipe Fittings feature end connections compatible with BSP (British Standard Pipe) and NPT (National Pipe Thread) standards. These standardized connections ensure easy installation and compatibility with a wide range of piping systems, enhancing the overall efficiency and reliability of the system.

Delivery: With a production capacity of 100 tons per month, the Stainless Steel Pipe Fittings are readily available to meet the demands of various projects and industries. The efficient production process and reliable supply chain enable timely delivery of orders, ensuring that customers receive their fittings when needed.

In conclusion, the Stainless Steel Pipe Fittings, including Tees, Nipples, and Elbows, offer a reliable and durable solution for connecting and controlling piping systems. With their premium quality, competitive pricing, flexible price terms, and compatibility with standard end connections, these fittings are a top choice for industrial applications requiring superior performance and longevity.

Features:

Product Name: Stainless Steel Pipe Fittings

Material: Stainless Steel; Duplex; Super Duplex

Packing: Seaworthy Packing

Standards: ASME B16.11, MSS SP 75, MSS SP 83, MSS SP 95

Size: 1/8

Origin: China

Technical Parameters:

Technical Parameter	Options
Price term	FOB; CNF; CIF; DDP
Currency	USD; EURO; JPY
Standards	ASME B16.11, MSS SP 75, MSS SP 83, MSS SP 95
Quality	Premium
Price	PER BASE MATERIAL PRICE
Certification	ISO; PED
Schedule	PER STANDARD
Size	1/8
End Connection	BSP; NPT
Packing	Seaworthy Packing

Applications:

KASUGAI stainless steel pipe fittings are versatile products suitable for various application occasions and scenarios. The product line includes a range of fittings such as stainless steel couplings, nipples, and tees, available in different models such as STAINLESS STEEL, DUPLEX, and SUPER DUPLEX. These fittings are crafted in China, ensuring high-quality manufacturing standards and material durability.

With ISO and PED certifications, KASUGAI stainless steel pipe fittings guarantee reliability and safety in a wide array of industries. The minimum order quantity is flexible and can be negotiated according to the specific requirements of the customer. The pricing is based on the base material cost, making it cost-effective for bulk orders.

For packaging, the fittings are carefully packed in seaworthy materials to ensure safe transportation and delivery. The standard delivery time for one container is 60 days, providing a reasonable lead time for customers. Payment terms accepted include L/C and T/T, offering flexibility in financial transactions.

With a supply ability of 100 tons per month, KASUGAI stainless steel pipe fittings can meet the demands of various projects and industries. The fittings adhere to standards such as ASME B16.11, MSS SP 75, MSS SP 83, and MSS SP 95, ensuring compliance and compatibility with existing systems.

Whether it's for industrial applications, construction projects, or plumbing systems, KASUGAI stainless steel pipe fittings from China offer a reliable solution that meets international standards. The fittings are suitable for a wide range of uses, thanks to their durability and precision engineering.

Customers can rely on the consistency and quality of KASUGAI stainless steel pipe fittings for their projects. The fittings are designed to perform in various environments and conditions, making them a practical choice for demanding applications.
